

# LEGAL VIEW ON GOLD NATIONALIZATION ASKED BY SENATORS SHAPING MONETARY LEGISLATION

## STRIKES, LOCKOUTS BARRED BY HITLER; UNIONS ABOLISHED

New System To Be Semi-Feudalism Based on Supreme Authority of State and Responsibility of Employers.

## "LOYALTY" KEYNOTE UNDER NEW RULES

Employers Will Fix Wages But Must Answer to Government If Oppression of Labor Is Charged

BERLIN, Jan. 16.—(UP)—Trade unions throughout the reich were ordered abolished and strikes and lockouts outlawed under a labor law issued today, to become effective Labor Day, May 1.

The new law abolished practically the entire labor legislation passed since the establishment of the German republic at the end of the world war.

It replaces the republican system of collective agreements between employers and employees, substituting a semi-feudalism based on the supreme authority and personal responsibility of the individual employers. Employers' associations are banned.

Significantly, the law calls the employer "leader" and terms laborers "followers" who are pledged to loyalty to the "leader." The law's basic idea is that neither the workers' unions nor the employers' associations in future shall be able to impose terms on individual concerns.

To Fix Wages. The Hitlerite authorities hold that collective wage agreements uniformly enforced in all plants tended to eliminate the economically weaker unions and thus were responsible for the growth of unemployment. But, they contend, under their new system, every employer will be able to fix wages and safeguard the profit-making of any given concern.

The labor law eliminates or remodels all typically social institutions of the pre-Hitler era in Germany. Work councils elected by laborers and employers in individual plants are to be replaced by a "confidential council" appointed by the laborers, upon the advice of the employer, to act as a "cell," or Nazi party unit in the district concerned.

The workers may veto the appointment of members to this confidential council, but the veto must be exercised within the "labor trust." These trustees are to be named by the Nazi government in every district, with practically dictatorial powers. They will fix wages and decide on dismissals in cases of differences of opinion among workers and employers.

May Appeal. The workers may appeal to the trustee against dismissal. However, the law foresees that an employer may be overruled only if the dismissal is unjustified by the concern's economic situation.

Thus, the trustees assume functions of various wage-adjusting and mediator bodies existing under the republic. However, the law establishes an entirely new institution, namely, "courts of honor," for judging cases of defection in the social code.

These courts are to be composed of their new powers by sweating workers or offending the "honor" in any way of labor. Also, laborers may be punished for "maliciously inciting workers to social hatred," or unduly interfering with factory management.

## CAFFERY DEMANDS IMMEDIATE ACTION ON SEIZED PLANTS

## General Strike Order Is Issued as New Threat of Disorder Arises in Provinces.

By LAWRENCE HAAS.

HAVANA, Jan. 16.—(UP)—Jeferson Caffery, President Roosevelt's special representative in Cuba, today sent Provisional President Carlos Hevia another sharp protest against the seizure of the Cuba Electric Company properties, it was learned reliably tonight.

Caffery was understood to have demanded immediate settlement of this issue, involving heavy United States capital investments, and the problem added to the troubles facing Hevia, youthfully, newly elected president of the republic.

Despite Caffery's protest, workers who seized the electric company's many plants throughout the island removed all managers and other officials in all branches, and replaced them with other employees.

A general strike, starting tomorrow, was voted tonight by leftist labor groups, aroused by the change in government.

## New Philippine Plan On Way to Roosevelt

WASHINGTON, Jan. 16.—(UP)—A new Philippine independence plan, drawn up by a delegation headed by President of the Senate Manuel L. Quezon, was formally presented tonight to Secretary of War Dorn.

Dorn will transmit it to President Roosevelt.

The plan was not made public, but it was expected to include provisions for reciprocal trade treaties were among the proposals.

## FEDERAL ATTEMPT TO ABOLISH SLUMS IS HELD ILLEGAL

McCarl Bans Activities of Housing Corporation But Local Project Is Not Affected.

WASHINGTON, Jan. 16.—(AP)—Comptroller General J. P. McCarl has ruled that the government's action in setting up an emergency housing corporation was unconstitutional and as a result the corporation's activities have been brought to a complete standstill.

A public works official said that Techwood Inc., and the building program of the Georgia board of regents would not be affected by the McCarl ruling.

The comptroller's ruling, made to Secretary Ickes, has tied up a fund of \$100,000,000 allocated to the corporation by the public works administration for slum clearance projects and low cost housing throughout the country.

Ickes is president of the housing corporation as well as secretary of interior.

Constitutional One. McCarl held that the question involved was a constitutional one and that the framers of the constitution never contemplated the setting up of such a corporation.

The issue arose when Ickes inquired from McCarl as to whether the corporation could make expenditures of small amounts to obtain options on land where slum clearance and housing projects were contemplated.

McCarl ruled it could not be done and as a result of further discussion his more lengthy ruling followed.

He said today he expected to discuss the question with President Roosevelt with a view to seeing if the situation could not be circumvented by an executive order.

To Prepare Bill. He added that to make sure the government's program for housing and slum clearance would not be impaired, he was having prepared a bill under which congress might authorize the establishment and work of the housing corporation.

McCarl's move was a hand until the comptroller general discovers he can't control the housing program. Ickes told reporters, "We cannot take an option, we cannot buy a lot, we cannot enter into any obligation."

The secretary said he considered the opinion to be "in direct violation" of the president's recent executive order permitting emergency expenditures.

Marking Time. "We are just marking time," Ickes continued. "He holds, for instance, that title to every lot purchased by the corporation must be examined by the attorney-general's office. As an example of this we might have 300 parcels of land in one city alone. We have been negotiating with him (McCarl) for some time trying to get him to loosen up, but he refuses to budge."

"Slum clearance is one of the most vital parts of our program. It is highly beneficial socially and, in addition, from a viewpoint of affording needed work."

Under Smith's plan, an agricultural bank, capitalized and supervised by the federal government, would be set up in each state. Each state bank would have a subsidiary or branch office in each county.

Farmers would be permitted to negotiate loans on crop liens, property mortgages or chattel mortgages. The loans would be made for as long as two years so as to allow the farmer a year in which to make his crop and another year for its marketing.

## U. S. ENTERS SUIT TO HALT CONTEST BY STANDARD OIL

Ickes Halts Promotion Scheme Involving Babe Ruth Constitutes Evasion of NRA Code.

WASHINGTON, Jan. 16.—(AP)—A children's premium contest conducted by Babe Ruth brought court action by the oil administration today against the Standard Oil Company of New Jersey and subsidiaries for alleged violation of the oil code.

The supreme court of the District of Columbia ordered the oil company to show cause why an injunction should not be issued to restrain it from the alleged violation.

The action was taken on petition of attorneys acting both for Secretary Ickes, as oil administrator, and for Attorney-General Cummings.

It was the first case charging violation of the oil code filed against a major company.

Hearing January 20. Hearing on the order was set for January 20.

The complaint charged specifically that the Standard of New Jersey and its subsidiaries had required boys and girls who wished to enter the contest to drive into one of their stations in a car driven by parents or guardians.

Coupons were given the children to be distributed to friends, relatives and neighbors who were to present them one at a time to Standard stations and dealers. Those with the greatest number of coupons to his or her credit were to be given prizes, the complaint charged.

Premiums Cited. The publication and distribution of a paper entitled "Babe Ruth's Newspaper" for the advertisement of the contest was cited, as well as that the Standard was offering baseball equipment as prizes and "free trips" to boys and girls credited with 50 coupons turned in before February 7, 1934, who were to select "the best all-star World's Series baseball team."

It was further charged that the Standard in the states in which it was doing business had published advertisements stating "that Babe Ruth, a well-known baseball player, would be the first to select the best all-star team in the world."

The company's statement, said the boys' club program was a project in which prizes are offered, not as price concessions or in any way in connection with sales, but in pursuance of a legitimate advertising program.

Oil Company To Fight. NEW YORK, Jan. 16.—(AP)—The Standard Oil Company of New Jersey announced today it would oppose the application of Secretary Ickes to restrain the company from carrying on its "boys' club" contest, a radio advertising feature.

The company's statement, said the boys' club program was a project in which prizes are offered, not as price concessions or in any way in connection with sales, but in pursuance of a legitimate advertising program.

## ADAMS SUPPORTS BANKHEAD'S BILL TO LICENSE GINS

## Commissioner Says If Measure Not Adopted Georgia Crop Will Be Increased by 300,000 Bales

WASHINGTON, Jan. 16.—(AP)—Conflicting views were aired today before a senate committee at its hearing on the Bankhead bill proposing to control the cotton crop by licensing gins.

The agriculture commissioners of Louisiana, Georgia, and Mississippi appeared before the senate agricultural committee in support of the measure. The North Carolina commissioner was listed as a witness in support of the measure.

G. C. Adams, Georgia commissioner, said the only effective way to control production was by baleage rather than acres. He emphasized that intensive cultivation would nullify acreage production control efforts.

The commissioner said if the Bankhead compulsory plan were not adopted, Georgia probably would produce 300,000 more bales this year than last.

W. M. Manning, member of the South Carolina general assembly and candidate for governor of that state, was the first witness to appear in opposition to the bill, which he termed "impractical."

New Threats. Commissioner Harry D. Wilson, of Louisiana, who is head of the Southern Association of State Commissioners, testified new planters not affected by the voluntary acreage reduction program threatened to defeat present efforts to regulate production.

J. C. Holton, Mississippi commissioner, told the committee that "if the Bankhead plan doesn't go over this year the non-co-operating minority will throw present control plans overboard."

Holton said he had received reports from many sources that difficult conditions would be met.

## NO CHANGES SEEN IN PLANS FRAMED BY WHITE HOUSE

Senate Committee Seeks Written Opinion From Attorney-General After Question Is Raised by Democratic Members.

## BLACK IN FAVOR OF GOLD TRANSFER

Economists See Proposed \$2,000,000,000 Stabilization Fund as Vast Potential for Inflation.

WASHINGTON, Jan. 16.—(AP)—A written opinion on the constitutionality of commandeering the gold stocks of the federal reserve system was requested from Attorney-General Cummings tonight by the senate banking committee after democratic members had sharply challenged the validity of this phase of the Roosevelt monetary program.

The committee met to consider for the first time the legislation requested by the chief executive to give the government title to all monetary gold, devalue the dollar by a minimum of 40 per cent and establish a \$2,000,000,000 stabilization fund. It requested a general opinion of the contemplated moves from Secretary Morgenthau.

Afterward, Chairman Fletcher announced that closed and limited hearings at which members of the federal reserve board would testify would be held tomorrow and Thursday.

"Adequate hearings" were demanded early in the day by the republicans in caucus, but Fletcher said that no party issue was made of the question in the committee.

"We had a general discussion of the bill," Fletcher said. "I'll introduce it tomorrow. We meet again at 4 o'clock to continue our discussion of it."

"We'll have before us Governor Black of the federal reserve board; Adolph Miller (a member of the board), a representative of the attorney-general; and Professor Rogers (one of the president's advisors)."

Asked what were the prospects for committee action, Fletcher replied that in his opinion the bill "will and ought to be reported" without change, except for some minor revisions intended to clarify certain sections of the bill.

Black Not Opposed. The committee will hear no opposition to the bill, he said. He pointed to the president's contemplated action in nationalizing the reserve banks' gold. In fact, he revealed today that the board had recommended to the president that such action be taken. It felt, said Black, "that the reserve banks should not be the beneficiaries of the enhanced value placed upon their gold by a pure monetary policy of the government."

While the senate committee began work on the legislation today, progress was made in the house of representatives over whether the banking committee or the coinage committee should have jurisdiction over the bill. Both have claimed it. Speaker Rainey said that the measure should go to the coinage committee, but members of the banking committee signaled immediately that they would protest the ruling and demand

## Confused Woman Raises Own Bid At McCormick Treasures Auction

CHICAGO, Jan. 16.—(AP)—Middle-class housewives, art dealers and socialists—the latter much in the minority—rubbied shoulders in the Gold Coast mansion once owned by the richest woman in America and bid spiritedly today for the treasures of the late Edith Rockefeller McCormick.

Also at the sale—but not bidding—were detectives, some in uniform, others in plain clothes. There was almost a detective for each of the 200 persons in the audience who had paid

\$10 admission for the privilege of attending the sale.

Present were Mrs. McCormick's daughter, wife of Major Elisha Dyer Hubbard. If she bid on articles once owned by her mother she did so through others.

First to bid was a woman who called out \$20 for a pair of Bohemian glass vases. Then, becoming confused, the lady raised her own bid to \$25 under the exhortations of the auctioneer. She was given the vases at her original bid of \$20.

In the first hour and a half of the sale, revenue totaled \$7,357.50. The

auctioneer expressed himself as "very well pleased" with the manner in which the bids were made.

Among articles sold were gold-plated candleabra, 30 inches high, appraised at \$400 and selling for \$245; a dozen gold-plated dishes, appraised at \$1,000, selling for \$245; cut glass candleabra, 30 inches high, \$180; a 19-inch high deft painted bird cage with a porcelain blue bird, \$45, and several pieces of china and other small articles.

meanwhile flatly denied published reports that he was planning a coup d'état, with the aid of Colonel Fulgencio Batista, chief of staff. However, employees of the Havana courts and municipality workers agreed to strike as a protest against what they termed the "Batista dictatorship" plans.

Serious trouble in the provinces threatened the newly restored calm in the national capital tonight, where Hevia, youngest president in the history of the Cuban republic, formally took the oath of office and set up

his new revolutionary administration. He is 34.

Trouble was expected from Colonel Batista, chief of staff in the army. Despite Batista's appeal last night for support for President Hevia, rumors persisted that the former sergeant was planning a new coup d'état with the idea of establishing a military dictatorship or seating Alejandro Vergara in the presidency.

Persons living in the vicinity of the presidential palace were nervously tense, fearing fresh outbreaks, and many adjacent stores were still boarded up. However, inquiry at Camp Columbia, army headquarters on the outskirts of the city, was met by official denials. An officer in charge declared the reports were "ridiculous."

**Sure of Army.**

Provisional President Hevia, succeeding Dr. Ramon Grau San Martin, declared to the United Press, however, that he felt assured of the support of the army, despite minor differences with Batista.

He took the oath of office at the palace and went right to work. The oath was administered by the supreme court justices, in the cabinet room.

"I shall try to make all Cubans feel proud of their country," Hevia told the press, "which is this government's fundamental duty in moving toward holding a constituent assembly. I have pledged myself to carry out all points of our revolutionary program. I am a revolutionist, and have no intention of going against the plans of our party."

Referring to the question of United States recognition, Hevia, a graduate of Annapolis in 1920, told American correspondents:

**Friend of America.**

"I've always been a friend of the American people. My attitude will continue to be friendly."

Hevia recalled that President Roosevelt as assistant secretary of the United States navy visited Annapolis when Hevia received his diploma. Asked directly about recognition, he responded:

"That's entirely in the hands of the American government."

Discussing labor unrest and rumors of trouble in the provinces, the new president said:

"I haven't had time yet, of course, to acquaint myself with the details of the Cuba Electric Company strike, and other problems, particularly with reference to American capital in Cuba. However, my plan is to normalize the situation as soon as possible."

## Roosevelt's Monetary Plan Is Well Received by Press

Editorial comment on Roosevelt monetary message:

The New York Times (Democratic): "Uncertainty about the president's intentions has been slowing down enterprise and clouding the business outlook. It has now been largely removed by Mr. Roosevelt's plain indications of what he hopes to do."

The New York Herald Tribune (Republican): "The things that the president has to say—the things on which he is specific and definite—are on the side of reassurance. . . . It is the things which he leaves unexplained, or which he implies in broad general terms, that will give pause to those who read his message with care. These hints may constitute an astute political gesture."

The New York Daily News (Independent): "The gold message sounds common sense to us."

The Atlanta Constitution: "The message cuts the pattern for business and it will now proceed to cut its cloth accordingly."

The Birmingham Age-Herald: "We may take it for granted that, despite inevitable outcries from conservative quarters, congress will enact legislation giving the president what he wants. The truth is, there is nothing else to do, unless we are to assume the impossibility that the administration can retrace its steps in the monetary field."

The Philadelphia Public Ledger: "The general purpose is clear—to make an end of the prevailing depression and to build a monetary and financial structure which will more effectively withstand future shocks. The country will work with the president and congress to see it through."

The Philadelphia Inquirer: "The message clarifies the atmosphere appreciably. Its effects should be beneficial."

The Philadelphia Record: "This experiment plays right into the hands of the selfish moneyed interests, which brought this country into depression."

The Philadelphia Evening Bulletin: "Apparently we are to have a token currency. . . . This will be better than printing-press money, but it is a long way from the gold standard as it has been understood."

The Philadelphia Evening Ledger: "The unwillingness to assume responsibility is a new development of the Rooseveltian policies, until the present he has not hesitated to use all the power which congress conferred on him. But by asking congress to give him authority a second time to do what is already within his discretion he cannot escape responsibility for

the monetary plan."

## Mule Market Boom Reflects End of Depression on Farms

Atlanta Auction Sales Scenes of Feverish Activity With Prices Showing Steady Increase.

BY BEN COOPER.

Folks who speak of the "depression down on the farm" are out of date. They are so far behind the times it's pitiful. If you don't believe that, drop out to the stockyards and take a peek or two into the horse and mule barns where auction sales are getting up their old-time pep.

Mule sales have always been held as a barometer of agricultural conditions, just like postal receipts indicate the strength of business. The mule market, after several years of innocuous desuetude, suddenly revived about five months ago, and it's still going strong, with auctioneers "rolling" a mule every 30 seconds in each barn during auction hours.

Asa J. Patterson, of the venerable J. W. Patterson Commission Company, the south's oldest horse and mule commission house, described the crowds at his firm's auction Tuesday morning as the best in several years, and said that mules are bringing at least \$30 a head higher than at any time since the last boom.

As Patterson explained the procedure of a mule auction, a fast-moving panorama entirely unintelligible to the casual onlooker, the crackling of buggy whips and the explosive syllables of Colonel F. M. Holsinger, auctioneer, kept the animals moving. In the auction ring were a few farmers looking for an animal or two, and dozens of wholesalers seeking carloads for shipment to every point in the southeast.

Four among those watching the show and offering an occasional bid were several bankers from small towns over the southeast, including W. R. S. Kinquell, of Louisville; W. E. Gardner, of Danville, Va.; J. H. Grissin, of Lebanon, Tenn.; and C. H. Neisler, of Reynolds. Many of the old-time dealers, however, who have been out of the business for years, have been drawn back into the auctions by the lure of better times on Mule Row, Patterson said. He cited one instance in which a dealer has returned after 12 years' absence from the auction lot through a long chute, in which they are groomed for sales appearance as they move toward the door of the lot. Each animal carries its identification number pasted to a rear hip. As soon as the mule enters the lot, the sales talk of the dealer and the chant of the auctioneer begin. The bidding is one of the most mysterious features of a mule auction, the buyers indicating their bids to the auctioneer by some subtle sign which passes the observation of most onlookers, but which the auctioneer catches quick as a flash. As a sale is made, the mule is shunted to a pen to await delivery.

Mules, formerly raised in the southeast in large numbers, now are imported from other sections, the mule raising states of today being Colorado, Illinois, Indiana, Iowa, Kentucky, Tennessee, Missouri, Texas, Arizona, Oklahoma, California and Nebraska. The breeding of mules is beginning to come back in the southeast, now that the market has picked up, Patterson said.

Mules are valued as to age, conformation, flesh, hair and style, and prices this season have ranged as high as \$490 a pair or \$237.50 for a single.

## OUSTED LONG ALLY LOSES COURT PLEA

### High Tribunal Upholds Removal of New Orleans Registrar for Acts.

NEW ORLEANS, Jan. 16.—(AP)—The state supreme court today upheld the action of Civil Judge Walter L. Gleason in removing Registrar of Voters C. S. Barnes from his office and turning his books over to the Orleans parish civil sheriff.

The high court asserted that Judge Gleason had acted within his jurisdiction in granting the before-dawn petition of Jules Grasser, chairman of the parish democratic committee, for the removal of Barnes and the sequestration of his records.

Grasser had the Gleason order signed after Barnes and 10 of his aids had been arrested by police on a charge of violating an injunction against any tampering with the registration books in advance of next Tuesday's mayoralty primary.

Five justices of the seven-judge supreme court handed down the affirmation of the Gleason order after five hours of deliberations. It almost set a record for brevity, reading:

"The district judge was acting within the scope of his jurisdiction and it does not appear that he has abused his discretion."

Walsley's old regular policemen raided the New Orleans registration

### Rolph May Go Nude; Worries About Possie

SACRAMENTO, Jan. 16.—(AP)—Governor Rolph in the nude is a possibility—for the governor said today he is seriously considering accepting an invitation to visit a nudist colony near Elsinore during his forthcoming tour of the state.

"I've been invited to visit the nudist colony and I am seriously considering it," the governor said. "Sure, I realize clothes are not allowed in a nudist colony."

He is trying to figure out how he can wear his lapel flower during the visit. He is never without a flower of some sort and he admits a problem confronts him if he is to remain faithful to the custom.

office last midnight and arrested Barnes and 10 other members of the Long organization and had them jailed for 10 hours before they were freed on habeas corpus writs. The parish democratic committee friendly to the Walsley group, secured a court order removing Barnes from office and placing deputy sheriffs in charge of the registration books.

Barnes, on leaving his jail cell, went to the supreme court in an attempt to regain his office and his records. The district attorney charged Barnes and his associates in the criminal district courts as the supreme court justices took the row under advisement.

As the battle over possession of the office progressed, the criminal district courts, on motion of District Attorney Eugene Stanley, opened a blanket investigation into the Orleans registration books. Witnesses assert they never heard of persons registered in the books as living in their homes and the testimony of registration canvassers that scores of names on the books listed addresses which were vacant houses.

Long remained in the background throughout the day, holding secret conference with his leaders in the Roosevelt hotel.

### LOUISIANA VOTE METHODS ASSAILED IN SENATE REPORT

WASHINGTON, Jan. 16.—(AP)—The discussion-racked Huey Long organization received a double shock today and another candidate who had raced to victory under Long colors told congress that they were pinned on him unsolicited.

A senate committee reported that its study of election practices in Louisiana had brought it to the conclusion that they were a "fraud upon the rights of citizens." A little later, Senator Overton, democrat, Louisiana, in connection with whose election the study had been made, congratulated himself that the report "is not a finding against the validity of my election."

Connally turned over to the senators a 14,000-word report on the findings of his committee, accompanying the report with a verbal description of affairs in Louisiana which crackled with such phrases as "vile passions," "bitter partisan hatreds" and political enemies "at each others' throats."

Connally particularly condemned in both his written and oral report the "dummy" candidate system by which the committee reported the Long machine held power. These dummy candidates, the committee reported, withdrew from the field after their strength had been used to pack the election commission with Long men.

The committee made clear that it made no charges against Overton not against Long. In the first instance, Connally said, the committee was charged with investigating election campaign expenses and not with determining the fitness of Overton. In the second, it was pointed out that the senate resolution creating the committee provided for an investigation of the 1932 election and not that of 1930, in which Long was elected.

### Hogan Is Found Guilty In Fatal Auto Crash

H. B. Hogan, engineer for the Georgia Power Company, driver of the automobile in which Mrs. May Allen was killed in an accident last June, was found guilty of driving while drunk after a jury trial in city criminal court Tuesday afternoon.

Judge Jesse M. Wood deferred passing sentence until 9 o'clock this morning.

The accident occurred on Peach tree road last June. Hogan's car was in collision with the automobile of Roy Huffman. Mrs. Allen and a young woman employee of the power company were passengers in Hogan's car. John J. Woodside testified at the trial that when he got out of his automobile at the scene of the accident Hogan handed a pint bottle of whisky to him. Woodside said he handed the bottle to policeman who investigated. The policeman offered the bottle in evidence and testified that Hogan was intoxicated at the time.

Hogan testified that he had taken a drink of liquor before dinner on the evening of the accident, but denied that he was drunk. Witnesses who testified for the state testified to which the policeman referred was found 10 feet from the scene of the crash. Hogan was represented by William Schley Howard.

### Beer Below Maximum, Sig Samuels Released

Charges of selling beer with a higher alcoholic content than the 3.2 per cent authorized by the city tax ordinance, brought against Sig Samuels, wholesale distributor, were dropped Tuesday in police court on motion of the prosecution.

W. R. Echols, city inspector of weights and measures, who made the case on the strength of labels showing, he said, an alcoholic content of not more than 0.6 to 0.7 per cent, told Recorder John L. Cone that laboratory analysis of the beer showed that its alcoholic content was below the maximum of the city law.

On Echols' statement of the laboratory findings and his motion to dismiss the case, Judge Cone released Samuels from the charges.

## Davison-Paxon Opens Amelia Earhart Shop

An Amelia Earhart Shop, which offers the latest styles in sports wear as designed personally by Amelia Earhart, the famous woman flyer, has been opened on the third floor of the Davison-Paxon Company. The shop is finished in an artistic shade of tomato red, silver and cream, and is one of a series of specialized shops on the third floor. The various Earhart styles, exclusive with Davison's, range from wind-breaker jackets and windproof cloth slacks for flying, to costumes for street and travel wear. Miss Earhart will visit the shop on January 27 when she will lecture here. A view of the shop and picture of Miss Earhart appear above.

As a gallant sportsman, with a deep conviction of woman's responsibility in matters of dress, Miss Earhart conceived certain definite theories concerning taste in outdoor clothes. That (for instance) they should not be frivolous formalities, masquerading in a "sports-wear" department. That they should be essentially simple, with simple lines, and simple and natural textures, because the natural scene in which they are worn is itself simple. That their workmanship should be irreproachably fine. That they should be comfortable.

### Here Are Reactions From Professors

By DR. F. CYRIL JAMES,  
Assistant Professor of Finance,  
University of Pennsylvania.  
(Written for the Associated Press.)  
PHILADELPHIA, Jan. 16.—The president's new plan is not of itself going to exert any influence upon the present level of prices. It does not increase the general level of income, nor does it increase the general level of prices.

It does, however, have two important effects potentially. In the first place, it may affect the public psychology to such an extent that it will increase the velocity of circulation of money and so raise prices substantially. In the second place it renders possible a substantial increase in the total currency and credit of the United States.

In the first place, it may affect the public psychology to such an extent that it will increase the velocity of circulation of money and so raise prices substantially. By DR. EDWARD S. MEAD,  
Professor of Finance,  
University of Pennsylvania.  
(Written for the Associated Press.)  
PHILADELPHIA, Jan. 16.—President Roosevelt has at last taken a stand for sound money—not too firm a stand.

He is still obsessed with the delusion of the commodity—rubber—dollar; he still believes that the price ratio can be controlled by manipulating one side of it; he still dreams of a bi-metallic standard of value; he still refuses to commit himself to a fixed content of the dollar, but—barring another relapse—he has taken a stand.

Instead of the 50-cent dollar of William Jennings Bryan, we have the 60-cent dollar of Franklin Delano Roosevelt.

By DR. HENRY G. BROWN,  
Professor of Economics,  
University of Missouri.  
(Written for the Associated Press.)  
COLUMBIA, Mo., Jan. 16.—I am quite in favor of a monetary system which provides for changes in the price of gold. To this extent, I sympathize with the policy of the administration. But I insist that gold purchases, taken alone and without increase of circulating medium, cannot be counted on either to stimulate business or to raise the level of prices.

Some restoration of prices is essential to relieve debtors and to enable banks to collect on what have been "frozen loans," so far as such loans have not already led to insolvencies. Stimulus to business is essential to the merchant, the manufacturer, and the worker of every class and degree of skill. Such stimulus, if it is to come quickly, must come through greater purchasing power, i. e., through an increase of circulating medium.

By DR. IRA B. CROSS,  
Professor of Banking,  
University of California.  
BERKELEY, Cal., Jan. 16.—(AP)—"I know what President Roosevelt is driving at, and I am for it, but I do not know what the results will be."

By DEAN JAMES H. GILBERT,  
University of Social Science,  
University of Oregon.  
EUGENE, Ore., Jan. 16.—(AP)—"It is impossible to predict exactly what effect this action (decreasing the gold content of the dollar) will have on the average man and merchant, but normally prices should rise and give the better class a chance to get clear of debt. Salaried persons may find themselves slightly worse off, at least temporarily, as wages probably will not keep pace with rising prices."

### DAY IN WASHINGTON

Activities of the Federal Housing Corporation were halted by an opinion from Comptroller-General McCall that the organization was unconstitutional.

The government filed suit to stop an alleged code violation by the Standard Oil Company of New Jersey.

Federal reserve approval of the nationalization of gold was announced by Governor Eugene Black of the federal reserve board.

The Rev. Charles E. Coughlin, Detroit priest, told the house coinage committee: "It's Roosevelt or ruin."

Senate republicans agreed to insist upon "adequate hearings" for the Roosevelt monetary program.

Senator Reed, republican, Pennsylvania, proposed a veterans' relief amendment to the administration's independent offices bill.

President Roosevelt arranged to maintain the civilian conservation corps another year at a cost of \$300,000,000.

Louisiana women contested the election of Senator Overton, an ally of Senator Huey Long.

Political conditions in Louisiana were called "fraudulent," "vicious" and "odious" in the report of a senate investigating committee.

Twenty-one railroad brotherhoods withdrew opposition to the appointment of Dr. W. M. W. Splawa to the interstate commerce commission.

Senator Sheppard, democrat, Texas, predicted the eighteenth amendment "inevitably" would return.

## GERMANY CLOSES MASONIC LODGES

### Three Grand Lodges Are Wiped Out; Political Refugees Can Return.

BERLIN, Jan. 16.—(AP)—On the grounds that there was "no further need for their existence," Hermann Wilhelm Goering, the Prussian premier, summarily wiped out the three principal Prussian Masonic lodges and their affiliates today.

They are the Grand National Mother Lodge of the three terrestrial globes, the Grand Lodge of German Freemasons of the German Christian order, and the Grand Lodge of Prussia.

Goering explicitly stated that while he did not wish to go into the question of whether the organizations constituted a danger to the state he simply saw no further use for them and then left it to the lodges themselves to vanish from the picture voluntarily.

He added that the branch groups do not need to seek authorization from the grand lodges but should inform the latter of their dissolution.

The disposition of the lodge property is to be made in accordance with the civil law code.

In another decree Goering, who also is reichsminister without portfolio, gave permission for all political refugees from Germany who upheld the Nazi regime while abroad to return to the fatherland.

Under the measure, "those frightened, camp-followers who fled abroad as the result of unscrupulous propaganda," will be readmitted. The refugees include communists and Jews.

### Talmadges To Attend Dinner at Washington

Governor and Mrs. Eugene Talmadge and Lieutenant Colonel Charles H. Thompson, assistant adjutant general, will leave today for Washington, where Thursday night they will be guests at a dinner and ball given by President and Mrs. Roosevelt for governors and other state officials.

The governor plans to leave Washington at midnight Thursday night and travel by plane to Quitman, where he is scheduled to speak Friday in connection with a celebration of the birthday anniversary of General Robert E. Lee.

The governor Tuesday continued to receive scores of endorsements for various judges and lawyers being urged for appointment to the state supreme court to fill the vacancy caused by the death of Justice H. Warner Hill.

The chief executive, however, would not say who would be appointed or when the appointment would be made, dismissing all inquiries with the statement that he was "committed" but refusing to say to whom.

### Cloudy and Cooler Today's Forecast

Cloudy and cooler weather today, with the possibility of light rains, was forecast Tuesday by the weather bureau. The temperature is expected to range between 35 and 45 degrees. Tuesday was clear with a tempera-

ture of 41 to 60, with heavy frost in the suburbs. The rain area in the west, the bureau reported, is limited, and only a mild reaction from it is expected in Atlanta today.

## G. C. CONLEY CASE GOES TO JURY THIS MORNING

Former Official of Bankers' Savings and Loan Denies Wrongdoing.

The case of G. C. Conley, former vice president of Bankers' Savings & Loan Company, now defunct, on charges of larceny after trust, will go to the jury Wednesday morning. Evidence and argument in the case was closed Tuesday afternoon after a trial lasting nearly two days before Judge E. D. Thomas, of superior court.

Conley in his defense contended that he was ignorant of any wrongdoing in the alleged misappropriation of funds and securities of customers and made a statement to the jury in which he said that he acted in all the transactions involved merely as an employee of the institution, placing reliance upon the experience and knowledge of E. N. Clayton, former president of the bank, believing that everything done was regular and legal.

## Daniel Whitehead Hickey To Spend Year in Mediterranean Writing

By BARBARA BAKER.  
It isn't given to many to realize a dream and desire that one has cherished and nurtured all his life, especially when that dream takes him over oceans of water and leagues of land. But Daniel Whitehead Hickey, gifted young Atlanta poet, whose work has received wide recognition, will find his dream a glorious reality when he sails February 8 for the Mediterranean.

"I've always wanted to go," Mr. Hickey confessed Tuesday. "For a long time I've planned toward this trip. I've worked toward it. And I know that I shall be contented in what I am doing."

His itinerary will take him to Gibraltar, the first port of call; Palma, Barcelona, Marsala, Genoa, Naples, Taormina, Cairo, the Holy Land, Greece, Corsica, the Adriatic, Venice, the Dardanelles, Port Said and the Suez Canal.

"Taormina," he continued, "is known as the garden spot of the world. Surrounded by high mountains and a blue sea, it is covered by vivid flowers and white almond blossoms, a man-made flowery kingdom. Taormina is a tiny town in Sicily. He is going all alone. 'Friends have

## EVIDENCE CONCLUDED IN HURT BOND HEARING

Four Bondholders Vote To Accept Offer; Arguments To Be Heard Today.

Evidence was closed Tuesday on the proposed sale of \$1,000,000 worth of Hurt building bonds in the hearing before Judge E. B. Pomeroy, in superior court, and argument of counsel will be heard this morning.

Upon the conclusion of testimony the court asked for a vote of all bondholders present on the proposed sale by the Atlanta bondholders' protective committee. William V. Shinkman, of New York, holding \$120,000; H. L. Morris, Dr. George W. Fuller, and D. H. Lippitt, all of Atlanta, and holding an aggregate of \$44,000 worth of the bonds, all voted for the proposed sale by the Tenor Corporation at 55 cents on the dollar.

The court instructed Attorney Marion Smith, of counsel for the Atlanta committee, to prepare and submit a tabulation of votes by letter of other bondholders at today's session.

Voting against the proposed sale was Attorney George B. Tidwell, representing clients holding \$6,000 of the bonds.

Tidwell introduced interventions on behalf of two Atlanta bondholders showing that members of the Atlanta committee appointed by the court are stockholders in the First National Bank of Atlanta, parent of the Tenor Corporation, which is offering the 55-cent bid, and setting forth that heretofore the opposing side had not known that the First National bank would profit by the proposed sale.

Other objections were represented by Attorneys Edgar Craighead and Herbert Haas.

Walter C. Hendrix, one of the receivers for the Hurt building, made a statement during the morning session in which he answered questions propounded by Mr. Haas as to the present status of leases on office space in the building.

Mr. Hendrix stated that during the receivership, which has been in effect nearly two years, 54 per cent of expiring leases had not been renewed.

Counsel for the opposing sides argued points with regard to the admission of intervention by non-depositing bondholders introduced by George B. Tidwell, but the court reserved decision on the point. The interventions by Atlanta depositors, however, were allowed. A protest was also entered by the vote holders who had voted in the recent hearing in New York before Judge Julian W. Mack on a similar sale proposed by the New York committee, but the court did not sustain the objection.

The company's current assets were reported to be \$6,462,999.39, which includes \$1,144,830.50 cash in banks and on hand; \$2,474,596.20 in notes and accounts receivable; and \$2,843,672.39 in inventories of raw materials, goods in process and finished goods at the lower of cost or market.

This means a reduction in notes and accounts receivable of \$1,437,680.83 during 1933, and an increase in inventories of \$1,244,300.30 during the same period.

Directors of the company were re-elected at the annual meeting of stockholders. They are W. O'Neill, W. P. Fouse, C. J. Jahant and G. F. Burkhardt, all of Akron; T. F. O'Neill, of Miami, Fla.; and A. Diebold, R. W. Gallagher and J. R. Kraus, all of Cleveland.

Company officers were re-elected by the directors at the annual directors' meeting which followed. Officers of the company were W. O'Neill, president; C. J. Jahant, vice president; W. E. Fouse, vice president and secretary; Charles Herberich, treasurer; T. Schaefer, assistant treasurer; and Hayes R. Jenkins, assistant secretary.

General's operating profit in 1933, before providing for interest, depreciation and special charges, was \$956,320.13. After deduction of \$2,920.15 for interest on borrowed money and of \$249,955.34 for depreciation, there was left as profit from operations, before special charges, \$684,444.64.

Special charges included charges in connection with commitments on rubber amounting to \$113,332.42 and \$70,000 to provide for losses on deposits in closed banks, leaving the company's net profit, before federal income taxes, at \$459,912.22. Deducting \$45,000 as provision for federal income taxes leaves a net profit for the year, after all charges of \$414,912.22, the court showed.

There was an appreciable improvement in the ratio of the company's

## DODD CONFERS WITH RICHMOND MAN ABOUT JOB

Second Conference Held Regarding Head Coach's Post at Richmond.

By Jimmy Jones.

R. L. (Bobby) Dodd, Georgia Tech backfield coach, and Paul Pardee, an alumni representative of the University of Richmond, had another conference here yesterday regarding the head coach's job at that institution. Dodd, recently made vacant through the resignation of Frank Dobson, who had held the post 21 years.

It was the second conference Dodd has had with Pardee, who is said to be closely related to a high official of the university.

Coach W. A. Alexander, head coach at Tech, was asked to sit in at the second conference for the benefit of whatever opinion he had to give on the matter.

Alexander has stated that he will not stand in Dodd's way in case he should want to accept a head coach's job at some other institution. This has long been a policy of Coach Alexander regarding his assistants.

There isn't anything definite to be said about the matter right now, but I told Mr. Pardee that I would come to Richmond for a conference later on, in case I am wanted," Dodd declared.

While Richmond officials denied that Dodd had been offered the job by an official representative, the fact remains that Mr. Pardee's reports on the two conferences with the Tech backfield coach will be forwarded to the athletic council there.

And also the fact that Dodd has been asked if he can coach the football, basketball and baseball teams there in case salary terms are suitable.

The Tech backfield coach is one of three men approached by Richmond representatives on the post vacated by Dobson. These were Dodd, who is quiet and probably would have kept the entire business secret but for the fact that influential alumni in Richmond began openly talking for the post. His name was presented to the council for serious consideration several days ago.

There was the slightest intimation that Dodd had applied for the post, or that he had been officially offered it by the university proper in the story of yesterday morning.

Like any man who is very well satisfied in his present capacity and that he would not seriously consider the Richmond job, unless it were sufficiently attractive.

PERDUE QUALIFIED. Perdue, it developed yesterday, was appointed by the Richmond athletic council to talk to Dodd and get his reaction to the situation.

The council which he represents also has the power to recommend the coach, although the university trustees must confirm the recommendation before it becomes final.

Perdue is a Richmond alumnus, a former manager of the Richmond baseball team and very influential in the city's athletics.

Dodd is the popular choice with Richmond alumni and is the ranking favorite to land the job if an out-of-town man is appointed. Dodd, after three years as an assistant, would like to try his hand as a head coach.

**Richmond Negotiates With Bobby Dodd.** RICHMOND, Va., Jan. 16.—(AP)—Albert James Booth, better known as "Albie," who operated with marked success in the Yale bowl and got three seasons in '21, today formally asked the University of Richmond athletic council to consider him for the coaching position now vacant.

Thus, Booth, not heretofore considered seriously, pops right into the thick of the competition for the post, with many supporters. Several Richmond alumni live in New Haven, where Booth was a "town boy" at Yale, and several of his old athletes have come from there, one being E. J. O'Connor, three sports captain of 1932.

Meanwhile, negotiations were going forward with Bobby Dodd, former University of Tennessee star.

**Auburn Boy Gets Army Sport Award** WEST POINT, N. Y., Jan. 16.—(AP)—Members of the Army football team which lost only to Notre Dame were among the 106 cadets given athletic awards for participation in the 1933 fall sports at the United States Military Academy today.

Awards were for football, soccer, cross country and polo. Football awards included: Football (Major A's) Stacy W. Cochran, Captain; Robert B. Edwards, New Orleans.

Football (Minor A's): William H. Craig, Brentwood, Tenn., and Edmundo Valdez, Miami, Fla.

**Purples To Play Bulldogs Thursday** Boys' High will play the Georgia freshmen Thursday night in Athens, Ga., in the fifth game of the season for the Purples. Boys' High broke in a two-game road trip with Lanier High and Albany High, winning from Albany after the south Georgia team had won eight straight games.

## Bird and Flower Club Officers Assume Duties at Meeting

Members of the Bird and Flower Club met recently at the home of the new president, Mrs. C. J. Sheehan, on Myrtle street. The new officers elected in December, who assumed their duties at the January meeting, were Mrs. C. J. Sheehan, president; Mrs. Alexander Dahl, vice president; recording secretary, Mrs. J. M. Staples; corresponding secretary, Mrs. H. E. Atkins; auditor, Mrs. J. C. Allen; and parliamentarian, Mrs. Forrest Kibler.

Chairmen of standing committees for the year were announced by the president. Mrs. Sheehan, as follows: ways and means, Mrs. S. P. Booth; membership, Mrs. J. I. Bryant; telephone and automobile, Mrs. E. E. Terry; absent members, Mrs. R. A. Williams; flowers, Mrs. H. B. Griffin; scrapbook, Mrs. A. F. Campbell; program, Mrs. Alva D. Kiser; publicity, Mrs. J. I. McCord.

It was voted that the executive board would meet quarterly at the call of chairman of board. A motion was passed to revise the constitution and by-laws of the club; the committee to be composed of officers and past president of the club, five members of the board constituting a quorum.

Mrs. J. V. Horne, of Roxborough road, and Mrs. A. J. Heuson, of Alden avenue, were welcomed into the club as new members.

In the flower contest, first prize was awarded to Mrs. J. I. Staples for display of "Stipa pennata" and honorable mention went to Mrs. S. P. Booth for "Lonicera fragrantissima".

The program chairman, Mrs. Alva D. Kiser, presented the program, which featured "Planning a Flower Garden" by Mrs. J. I. McCord.

"Practical Planting and Care of Sweet Peas, and Poppies," by Mrs. S. P. Booth. The club meets with Mrs. Forrest Kibler on Ninth street in February.

**Lena H. Cox P-T. A. To Hold Exhibit.**

The Lena H. Cox P-T. A. will sponsor two important events on Friday, January 19. A thrift exhibit will be held in the school auditorium at 8:30 o'clock, members of the association are urged to go some time during the day to see at Red Cross headquarters. Those who desire transportation should notify Mrs. R. W. Centrell.

The P-T. A. president, Mrs. J. D. Nell, requests the co-operation of the entire membership to make a success of both of these undertakings.

**Parties Planned For Bridal Couple.**

The announcement of the engagement of Miss Katherine Crawford, daughter of Mr. and Mrs. J. P. Crawford, of Decatur, to O. L. Adams, of Carrollton and Atlanta, is of cordial interest to a wide circle of friends.

Miss Crawford will be entertained at a series of parties during the next few weeks, among those who will entertain are Mesdames Charles Hamilton, F. R. Masou, Charles Harris, W. H. Bowen, Misses Lois Combs, Marie Baker and others.

Miss Caroline Selman complimented Miss Crawford and Mr. Adams with a delightful supper party Sunday evening at her home on King's highway, in Decatur. The guests included a group of friends of the bride.

## Debutantes Feted At Biltmore Dance.

An event of this evening will be the mid-week dance at the Biltmore hotel, which will take place in the Georgian ballroom at 9 o'clock. An attractive group of debutantes who will be honor guests at a table will include Miss Betty Gage, Miss Harriett Lee, Miss Caroline Crumley, Miss Betty Schroeder and Miss Mimi Fleming. A group of young men will complete the party.

## Bolton O. E. S. Installs Officers.

Bolton chapter, No. 143, Order of Eastern Star, held its annual installation of officers for the ensuing year in the Bolton Masonic hall. Mrs. Avis Brown, past matron of Bolton, acted as installing officer, assisted by Mrs. Lily Mae Huggins, as marshal; Mrs. Geraldine Ray, as chaplain; and Mrs. Gladys Trice, as organist. Mrs. Lavert Mitchell served as guest soloist. The following officers were installed: Mrs. Bessie Jones, worthy matron; George Haney, worthy patron; Mrs. Ella Haney, associate matron; Judge Virlyn Moore, associate patron; Avery Lord, treasurer; Mrs. Elizabeth Hall, conductress; Mrs. Kathryn Lord, associate conductress; Mrs. Jesse Marshall, chaplain; Miss Olie Lord, marshal; Mrs. Willie Grimes, organist; Mrs. Maud Greer, Adah; Miss Saydie Fowler, Ruth; Mrs. Lona Pittman, Esther; Mrs. Etta Chambers, Martha; Mrs. Myrtle Decker, Electa; Mrs. Annie Hubert, warder, and J. C. Chambers, sentinel.

The newly elected worthy matron was escorted to her station under an arch formed by officers holding wands. Judge Virlyn Moore presented Mrs. Matilde Bishop, retiring matron, with a jewel from the chapter, and George Haney presented Avery Lord, retiring patron, a jewel from the chapter, as a token of their loyal services during the year. Under the leadership of Mrs. Bishop, the chapter has enjoyed a most successful year.

Mrs. Bishop was presented with many gifts from her officers, friends and family. Mrs. Bishop was also the recipient of an Eastern Star friendship quilt from the chapter members and a negligee and slippers to match from her officers. Mrs. Bishop presented each of her officers with a dainty Dresden china plate. The installing officers were presented a gift from the chapter.

## Mrs. Davis Honors Bride and Groom.

Mrs. W. B. Davis was hostess recently at a linen shower at her home on Richmond avenue in honor of Mr. and Mrs. W. H. Flury, whose marriage was a recent event. The hostess was assisted by her two nieces, Misses Earline and Bernice Helms. Cecil Brooks and Max Chandler were prize winners.

Guests included Mr. and Mrs. J. W. Ford, Rev. and Mrs. A. L. Flury, Mr. and Mrs. M. L. Boker, Mr. and Mrs. Max Chandler, Mr. and Mrs. T. T. ## Baptist Women's Missionary Union Holds Annual Meeting

Included in the above picture are members of the board of review of the Baptist Women's Missionary Union, who attended the annual luncheon-meeting held on Tuesday. Reading from left to right, first row, are Mesdames Gordon Singleton, W. T. Henry and Paul Etheridge. On the second row, from left to right, are Mesdames Boyd Quarles, Bayard Williamson, John R. Dickey and James D. Rhodes. Photo by George Cornett, staff photographer.

The annual luncheon-meeting of the board of review of the Atlanta Association of the Baptist Women's Missionary Union was held on Tuesday at Rich's tea room and reports indicated that 37 books were reviewed during the past year. One of the most listed was "W. Eugene Salter, Christ's Ambassador," which has been taught all over the state and at the Southern Baptist convention, the proceeds of the book being given to the foreign mission board. Mrs. Gordon Singleton, sister of the author, Annie Jenkins Salter, reported on the success of special classes.

Taking the theme of the year, "Christ and the Modern World," many of the books recommended by the reviewing board are relating to modern church problems. Mrs. John R. Dickey reviewed "Christianity and Industry," Mrs. Etheridge, "The Christian Mission in America" and "Stewardship Parables of Jesus," which are listed in the M. B. M. books. Mrs. James D. Rhodes suggested books for young people which included "Human Needs and World Christianity," "The World Mission of Christ" and other books dealing with Africa which will be presented at the associational mission study conference.

Mrs. W. T. Henry outlined a course of reading for classes studying the various mission fields of China. Having lived in the orient for a number

## Mrs. Jordan Honors Wesleyan Alumnae.

The executive board of Wesleyan Alumnae Association, meeting for a business session Monday at the Henry Grady hotel, was entertained at an informal tea by Mrs. Harvie Jordan, recording secretary of the association. Mrs. Edward G. Warner presided and had discussion on various features to be undertaken this year. In addition to group projects which the six alumnae groups will sponsor, tentative plans were advanced whereby the local alumnae will give scholarships to outstanding college preparatory seniors in the high schools.

Mrs. Randolph Wilson, chairman of Group No. 4, was appointed secretary of the benefit bridge party to be given by the combined groups early in February. The proceeds will be forwarded to the administrative office of Wesleyan College, and committees to assist Mrs. Wilson and definite arrangements will be announced later. The 1934-1935 executive board is composed of the following distinguished leaders: Mesdames Edward G. Warner, Augustus M. Roan, A. Worth Hobbs, H. H. Ware Jr., Nell Brown Coleman, Randolph Wilson, Harvie Jordan, J. V. Poole, Charles J. Haden, R. G. Stephens, Carroll Griffin, Harold McKenzie, Herbert Alden, William Asher, W. T. Bryant and T. L. Tidmore.

## LaRocca Grove Service Club.

Mrs. Lavenia Yarian was hostess recently to the Service Club of Mary E. LaRocca Grove, of the Supreme Forest Women's Circle, at her new home, 225 McClelland avenue in East Point. After dinner and while the gentlemen engaged in a game of bridge, the business session was held with the co-chairman, Mrs. Kate Thompson, presiding. Mrs. Beatrice Owen, secretary, gave report of the activities of the Service Club for 1933. The report gave a substantial balance in the treasury to begin the new year's work.

The contest between the lavender and green sides which began early in the year, with Mrs. Kate Thompson and Mrs. Lavenia Yarian as chairmen, came to a close with the lavender side winning. The winners will be entertained at the home of Mrs. Helen Shearin, 132 Newman avenue, East Point, the date of the party to be announced soon.

A joint installation of officers with Maple Grove in Atlanta on Thursday evening was decided. The club meets with Mrs. Mave Ola Odum Wednesday, January 24, at her home in Orchard Knob.

During a social hour Mrs. Yarian was presented with a miscellaneous shower. Visitors present were Mrs. Sara McWhorter, Mrs. Virginia Cooner, G. A. Yarian, J. O. Crusselle, W. A. Shearin and members present were Mesdames Jeannie Brown, Beatrice Owen, Mary Redmond, Kate Thompson, Lela Brown, Daisy Moultrie, Helen Shearin, Jennie Hodge, Eva Keith, Lavenia Yarian, M. M. Brown, J. M. Brown and June Yarian.

## Plan Radio Programs To Celebrate Birthday Of Robert E. Lee

MILLEDGEVILLE, Ga., Jan. 16. Mrs. J. L. Beeson, of Milledgeville, chairman of historical programs for Georgia division of the United Daughters of the Confederacy, calls attention through the press to the observation of the birthday anniversary of General Robert E. Lee, the beloved Confederate leader, which takes place on Friday, January 19. The first nationwide observation of the beloved chief-tain's birthday will be broadcast through a program over the Dixie network of the Columbia Broadcasting System.

Dr. Matthew Page Andrews, of Baltimore, Md., has prepared a radio drama entitled "The Three Swords of Lee," which reveals the character of General Lee, and the cause for which he stood. This drama will be brought to the millions of the radio audience at 9:30 o'clock, eastern standard time, on Friday evening.

For several years there have been radio network programs for this observance, but for 1934 there is to take place an unusually interesting one. This will come from Arlington mansion, General Lee's former home, and the three-act drama will be enacted from the room in which Lieutenant Robert E. Lee was married on June 30, 1831, to Mary Anne Randolph Custis, great-granddaughter of Martha Washington.

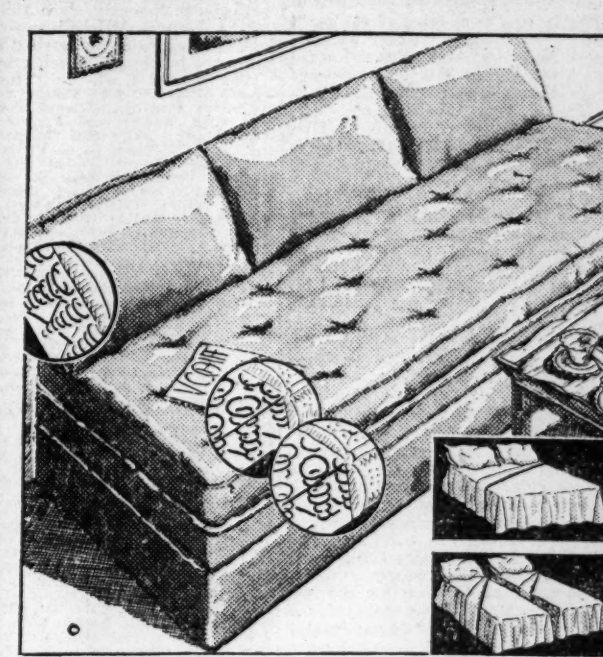

On Friday morning, January 19, Mrs. John H. Anderson, of Raleigh, N. C., historian general of the United Daughters of the Confederacy, will pay tribute to Robert E. Lee over radio station WPTF. Mrs. Anderson has served as historian general of the United Daughters of the Confederacy for the past six years and is well equipped to pay tribute to General Lee.

## Recital Series.

Miss Lenus Daniell will present her piano pupils in group recitals during the week of January 22. The hostess for the recitals will be Mrs. Fred B. Burnett, 875 Greenwich avenue; Mrs. R. H. Coffey, 1600 Westwood avenue, and Mrs. Buren C. Smith, 1583 Rogers avenue.

The third Sunday program will be given for the Hillside Cottages Sunday at 3 o'clock with Jane Coffey as the leader.

## Half Alabama Schools Will Close by Feb. 1

MONTGOMERY, Ala., Jan. 16. (AP)—A state-wide survey of Alabama's public schools, based on financial difficulties, showed today that more than 50 per cent of white rural and city schools would be forced to close their doors by February 1 and end their school year at the mid-term.

Reports made to the state department of education showed that all rural schools in 32 of the 60 counties reporting would be closed February 1 and that several of the seven counties that did not report could not operate beyond that date.

The survey of the 45 cities operating city schools showed that 14 would close schools before February 1, while nine cities did not report.

In all, 1,300 schools of 2,746 reporting were definitely scheduled to close before February 1. Two hundred schools already have closed.

Even more drastic rate cuts have been put into effect over the motor coach lines serving Atlanta... fares are always lowest by bus to everywhere in the United States. Pioneers in low fares to meet the public's pocketbook, bus lines operating from the Union Bus Station offer the most reasonable means of FIRST CLASS travel.

These new rates are not to be confused with "second class" excursions or "coaches only" travel... they're good on every bus, every day, and bring you the best in highway travel without extra "seat fares" and other extras.

Even more drastic rate cuts have been put into effect over the motor coach lines serving Atlanta... fares are always lowest by bus to everywhere in the United States. Pioneers in low fares to meet the public's pocketbook, bus lines operating from the Union Bus Station offer the most reasonable means of FIRST CLASS travel.

These new rates are not to be confused with "second class" excursions or "coaches only" travel... they're good on every bus, every day, and bring you the best in highway travel without extra "seat fares" and other extras.

## STOCK SPURT

Revelation May Result in U. S. Probe of Executive's Returns.

WASHINGTON, Jan. 16. (AP)—How a young man's \$40 investment in aviation stock turned out to be worth more than \$50,000 within four years was disclosed today to the senate committee investigating air mail contracts.

Before the day was out, however, that same young man, Charles W. Deeds, found himself confronted with the possibility of a federal investigation of his income tax returns.

Charged by William B. Robertson, of St. Louis, former employer and partner of Colonel Lindbergh's flight, that Walter E. Brown, postmaster-general in the Hoover administration, had gone back on a promise to give him a company air mail contract and that he had been approached by a Missouri politician named "Mr. Sacks" with a promise of a contract award in return for a cut of the receipts also were heard.

Deeds, 31 years old, who admitted having had little aviation experience, told how he made a \$40 investment in Pratt & Whitney Aircraft company stock in 1924 and how it came worth \$52,434.40 in May, 1929.

The stock—200 shares at 20 cents a share—drew a 73-to-1 share stock dividend and then was exchanged for \$4,720 United Aircraft shares in February, 1929. Deeds testified, when the latter was quoted at \$97 a share, Deeds now is treasurer of United Aircraft.

Robertson said Brown had promised him the contract, but that it was awarded to American Airways, a subsidiary of the aviation corporation, and that he had been approached by a former chief inspector at Henry Ford's first airplane plant, relative that when he sought a contract for the line between Detroit and Cincinnati in 1929 he was told by Brown that his operating loss was so great as to render his line too "unstable" for consideration.

Haplin said his company which got the contract owed him \$140,000 and the Aviation Corporation \$50,000.
